BOARD OPERATION GOALS

The primary responsibility of the Board is to establish purposes, programs and procedures which will produce the educational achievement needed by District students. The Board must accomplish this while also being responsible for wise management of resources available to the District. The Board must fulfill these responsibilities by functioning primarily as a legislative body to formulate and adopt policy, by selecting an executive officer to implement policy and by evaluating the results; further, it must carry out its functions openly, while seeking the involvement and contributions of the public, students and staff in its decision-making processes.

In accordance with these principles, the Board will seek to achieve the following goals:

1. to concentrate the Board's collective effort on its policy-making and planning responsibilities;
2. to formulate Board policies which best serve the educational interests of each student;
3. to provide the Superintendent with sufficient and adequate guidelines for implementing Board policies;
4. to maintain effective communication with the school community, the staff and the students in order to maintain awareness of attitudes, opinions, desires and ideas;
5. to allow those responsible for carrying out objectives to contribute to their formation;
6. to conduct Board business openly, soliciting and encouraging broad-based involvement in the decision-making process by public, students and staff and
7. to periodically review its performance relative to the goals.

SCHOOL BOARD LEGAL STATUS

The General Assembly has delegated responsibility for the conduct of public schools in each school district to a local board of education; thus, boards are instruments of the State of Ohio and members of a board are State officers, chosen by the citizens of a district to represent them and the State in the legislative management of the public schools.

Legally, a board is a body politic and corporate, capable of suing and being sued; contracting and being contracted with; acquiring, holding, possessing and disposing of real and personal property and taking and holding in trust for use of the school district any grant or gift of land, money or other personal property.

The Board of the Northwestern Local School District is composed of 5 members, elected by the citizens of the District. A regular term is four years.

SCHOOL BOARD POWERS AND DUTIES

Under the laws of the State of Ohio, the Board acts as the governing body of the public schools with full powers of direction and control.

Within the extent of its legal powers, the Board has responsibilities for conducting the District in accordance with the desires of local citizens who elect its members.

The Board considers the following to be its major responsibilities:

1. to select and employ a superintendent;
2. to select and employ a treasurer;
3. to determine and approve the annual budget and appropriations;
4. to provide needed school facilities;
5. to provide for the funds necessary to finance the operation of the schools;
6. to consider and approve or reject the recommendations of the Superintendent in all matters of policy, appointment or dismissal of employees, salary schedules, courses of study, selection of textbooks and other matters pertaining to the operation of the schools;
7. to require reports of the Superintendent concerning the conditions, efficiency and needs of the schools;
8. to evaluate the effectiveness with which the schools are achieving the educational purposes of the Board;
9. to inform the public about the progress and needs of the schools and to solicit and weigh public opinion as it affects the schools and
10. to adopt policies for its governance and the governance of its employees and the students of the schools.

BOARD MEMBER AUTHORITY
(And Duties)

Because all powers of the Board lie in its action as a group, individual members should exercise their authority over District affairs only as they vote to take action at a legal meeting of the Board.

An individual Board member has power only when the Board, by vote, has delegated authority to him or her.

It is the duty of the individual members of the Board to attend all legally called meetings of the Board, except for compelling reasons to the contrary; to participate in the normal business operations of the Board at the meetings and to represent interests of all the citizens of the District in matters affecting the education of the students in the District.

SCHOOL BOARD ELECTIONS

Members of the Board are elected at large by the qualified voters of the District on a nonpartisan ballot on the first Tuesday following the first Monday in November in odd-numbered years.

The Board member is elected to a term of office of four years and assumes office on the first day of January after the election. Terms shall expire on December 31, except as otherwise provided by law. Terms are staggered so that two members are elected in the year preceding, and three members are elected in the year following, each calendar year divisible by four.

Candidates for election are nominated by petition. The petition must be signed by 25 qualified electors of the District, or not less than one percent of the number of District electors who voted for governor in the last election, whichever is greater. Petitions must be filed 75 days before the election.

BOARD MEMBER QUALIFICATIONS/OATH OF OFFICE

Under Ohio law, a Board member must be an elector residing in the District. To qualify as an elector, a person must be a citizen of the United States, 18 years of age or older, a resident of the State for at least 30 days prior to the election and a resident of the county and precinct in which he or she offers to vote for at least 30 days prior to the election.

A variety of other public positions, elected and appointed, have been determined by the General Assembly or the courts to be incompatible with school board membership. Generally, offices are considered incompatible when one is subordinate to, or in any way provides a check upon, the other or when it is physically impossible for one person to discharge the duties of both positions.

Before taking office, each person elected or appointed to the Board is required by law to take an oath of office.

UNEXPIRED TERM FULFILLMENT

A vacancy on the Board may be caused by:

1. death;
2. nonresidence;
3. resignation;
4. failure of a person elected or appointed to qualify within 10 days after the organization of the Board or of his or her appointment or election;
5. relocation beyond District boundaries or
6. absence from Board meetings for a period of 90 days, if the reasons for the absence are declared insufficient by a two-thirds vote of the remaining Board members. The vote must be taken not earlier than 30 days after the 90-day period of absence.

Any such vacancy will be filled by the Board at its next regular or special meeting not earlier than 10 days nor later than 30 days after the vacancy occurs. A majority vote of all the remaining members of the Board may fill the vacancy.

Each person selected to fill a vacancy will hold office for the shorter of the following periods:

1. until the completion of the unexpired term or
2. until the first day of January immediately following the next regular Board of Education election taking place more than 90 days after a person is selected to fill the vacancy. At that election, a special election to fill the vacancy will be held; however, no such special election will be held if the unexpired term ends on or before the first day of January immediately following that regular Board election.

The term of a person elected in this manner will begin on the first day of January following the election and will be for the remainder of the unexpired term.

SCHOOL BOARD MEMBER ETHICS

The Board believes public education should be conducted in an ethical manner. In general, the conduct of Board members should conform to the code of ethics of the Ohio School Boards Association which includes the following:

1. It is unethical for a board member to:
 - A. seek special privileges for personal gain;
 - B. personally assume unauthorized authority;
 - C. criticize school employees publicly;
 - D. disclose confidential information or
 - E. place the interest of one group or community above the interest of the entire District.

2. It is unethical for a board to:
 - A. withhold facts from the Superintendent, particularly about the incompetency of an employee;
 - B. consider a complaint against an employee which is not first submitted to the Superintendent or
 - C. announce future action before the proposition has been discussed by the Board.

BOARD MEMBER CODE OF ETHICS

While serving as a member of my Board of Education, I will accept the responsibility to improve public education. To that end I will:

remember that my first and greatest concern must be the educational welfare of all students attending the public schools;

obey the laws of Ohio and the United States;

respect the confidentiality of privileged information;

recognize that as an individual Board member I have no authority to speak or act for the Board;

work with other members to establish effective Board policies;

delegate authority for the administration of the schools to the Superintendent and staff;

encourage ongoing communications among Board members, the Board, students, staff and the community;

render all decisions based on the available facts and my independent judgement rather than succumbing to the influence of individuals or special interest groups;

make every effort to attend all Board meetings;

become informed concerning the issues to be considered at each meeting;

improve my boardmanship by studying educational issues and by participating in in-service programs;

support the employment of staff members based on qualifications and not as a result of influence;

cooperate with other Board members and administrators to establish a system of regular and impartial evaluations of all staff;

avoid conflicts of interest or the appearance thereof;

refrain from using my Board position for benefit of myself, family members or business associates and

express my personal opinions but, once the Board has acted, accept the will of the majority.

BOARD MEMBER CONFLICT OF INTEREST

The Board and individual members will follow the letter and spirit of the law regarding conflicts of interest.

A Board member will not have any direct or indirect pecuniary interest in a contract with the District; will not furnish directly any labor, equipment or supplies to the District; nor be employed by the Board in any capacity for compensation.

In the event a Board member is employed by a corporation or business which furnishes goods or services to the District, the Board member will declare the association with the organization and refrain from debating or voting upon the question of the contract. It is not the intent of this policy to necessarily prevent the District from contracting with corporations or businesses because a Board member is an employee of the firm. The policy is designed to prevent placing Board members in positions in which personal interest in the public school and place of employment might conflict and to avoid appearances of conflict of interest, even though such conflict may not exist.

The law specifically forbids:

1. the Prosecuting Attorney or a city attorney from serving on the Board;
2. a Board member from serving as the school dentist, physician or nurse;
3. a member from being employed for compensation by the Board;
4. a member from having, directly or indirectly, any pecuniary interest in any contract with the Board;
5. a member from voting on a contract with a person as a teacher or instructor, if he or she is related to that person as father, mother, spouse, brother or sister;
6. a member from authorizing, or employing the authority or influence of his or her office to secure authorization of, any public contract in which he or she, a member of his or her family or his or her business associates have an interest;
7. a member from having an interest in the profits or benefits of a public contract entered into by, or for, the use of the District and
8. a member from occupying any position of profit during his or her term of office or within one year thereafter, in the prosecution of a public contract authorized by him or her or the Board of which he or she was a member at the time of authorization of that contract.

TREASURER'S CONTRACT

The appointment of the Treasurer is secured through a written agreement stating the terms of the contract. The contract meets all state requirements and protects the rights of both the Board and the Treasurer.

The Treasurer is appointed for a term not to exceed five years. The term commences on August 1 and continues through July 31 of the year in which the contract expires. Should a vacancy occur mid-term, the Board can appoint a new hire to a term starting on any date – as long as the length of the contract does not exceed five years from the prior August 1. The period of time in which the Treasurer's contract may be renewed begins on January 1 of the year prior to the contract's expiration and ends on March 1 of the year in which the contract expires.

Salary and benefits are determined by the Board at the time of the appointment and are reviewed by the Board each year. The Treasurer's salary may be increased or decreased during his/her term of office. However, any decrease must be a part of "a uniform plan" affecting salaries of all District employees.

The Board authorizes either the annual payment of the Treasurer's accrued, unused vacation leave or the payment of unused vacation upon separation of service per the terms of his/her individual contract.

If the Board intends to nonrenew the Treasurer's contract, notice in writing of the intended nonrenewal must be given to the Treasurer on or before March 1 of the year in which the contract expires.

Nothing in this policy shall prevent the Board from making the final determination regarding the renewal or nonrenewal of the Treasurer's contract.

BOARD-SUPERINTENDENT RELATIONSHIP

The Board believes that the legislation of policies is the most important function of a Board and that the execution of the policies should be the function of the Superintendent and staff.

Delegation by the Board of its executive powers to the Superintendent provides freedom for the Superintendent to manage the schools within the Board's policies and frees the Board to devote its time to policy-making and appraisal functions.

The Board holds the Superintendent responsible for the administration of its policies, the execution of Board decisions, the operation of the internal machinery designed to serve the school program and keeping the Board informed about school operations and problems.

The Board will strive to procure the best professional leader available as its Superintendent of Schools. The Board, as a whole and as individual members, will:

1. give the Superintendent full administrative authority for properly discharging his or her professional duties, holding him or her responsible for acceptable results;
2. act in matters of employment or dismissal of school personnel only after receiving the recommendations of the Superintendent;
3. hold all meetings of the Board in the presence of the Superintendent, except when his or her contract and/or salary is under consideration;
4. refer all complaints to the Superintendent for appropriate investigation and action;
5. strive to provide adequate safeguards for the Superintendent and other staff members so that they can discharge their educational functions on a thoroughly professional basis and
6. present personal criticisms of any employee directly to the Superintendent.

[Adoption date: May 9, 1994]

BOARD COMMITTEES

The Board may authorize the establishment of committees from among its membership as it finds such action necessary to study operations in specific areas and to make recommendations for Board action.

The following guidelines may govern the appointment and function of Board committees:

1. The committee will be established through action of the Board.
2. The chairman and members will be named by the Board President.
3. The committee may make recommendations for Board action but may not act for the Board unless specifically authorized.
4. The Board President and Superintendent may be ex officio members of all committees.
5. No committee appointments will extend beyond the ensuing annual organizational meeting, at which time the newly elected President will have the privilege of making new appointments or re-appointments; however, a committee may be dissolved at any time by a majority vote of the entire Board.
6. The Sunshine Law and its exceptions apply to Board meetings, Board appointed committee meetings and meetings at which a majority of the Board members are present.

EXECUTIVE SESSIONS

Educational matters should be discussed and decisions made at public meetings of the Board in accordance with the rationale for the creation of public governing bodies; however, some matters are more properly discussed by the Board in private session. As permitted by law, such matters may involve the following:

1. to consider the appointment, employment, dismissal, discipline, promotion, demotion, or compensation of an employee, official or student or the investigation of charges or complaints against such an individual, unless an employee, official or student requests a public hearing. The Board will not hold an executive session for the discipline of one of its members for conduct related to the performance of his or her official duties or for his or her removal from office;
2. to consider the purchase of property for public purposes or for the sale of property at competitive bidding, if premature disclosure or information would give an unfair advantage to a person whose personal, private interest is adverse to the general public interest;
3. specialized details of security arrangements where disclosure of the matters discussed might reveal information that could be used for the purpose of committing, or avoiding prosecution for, a violation of the law;
4. matters required to be kept confidential by federal law or rules or State statutes;
5. preparing for, conducting or reviewing negotiations with employees and
6. conferences with an attorney involving pending or imminent court action.

Conferences with a member of the office of the State Auditor or an appointed certified public accountant for the purpose of an audit are not considered meetings subject to the Sunshine Law.

The Board will meet in closed session only to discuss legally authorized matters. Closed sessions will be held only as part of a regular or special meeting and only after a majority of the Board (quorum) determines, by a roll-call vote, to hold such a session.

When the Board holds an executive session for any of the reasons stated under paragraph 1 above, the motion and vote to hold the executive session shall state one or more of the purposes listed under such paragraph for which the executive session is to be held, and must include the names of any person(s) invited into the executive session. If the Board holds an executive session to consider any of the matters listed in paragraphs 2-6, the motion and vote to hold the executive session shall state which one or more of these matters are to be considered within the executive session. The minutes shall reflect the information described above.

In compliance with law, no official action may be taken in executive session. To take final action on any matter discussed, the Board will reconvene into public session.

The Board may invite staff members, in addition to the Superintendent and Treasurer, or others to attend closed sessions at its discretion.

Board members shall not disclose or use, without appropriate authorization, any information acquired in the course of official duties (which is confidential because of statutory provisions) or which has been clearly designated as confidential because of the status of proceedings or the circumstances under which the information was received.

MINUTES

The minutes of the meetings of the Board constitute the written record of Board actions. The Treasurer will record in the minutes of each meeting all actions taken by the Board. Minutes of executive sessions need only reflect the general subject matter of discussion.

Minutes will specify: the nature of the meeting (regular or special), time, place, members present, approval of minutes of the preceding meeting or meetings; complete record of official actions taken by the Board relative to the Superintendent's recommendations, communications and all business transacted; items of significant information bearing on action and record of adjournment.

The Treasurer will include the motion, the name of the member making the motion and the name of the member seconding the motion and record the vote of each member present.

A complete and accurate set of minutes will be prepared and become a regular part of the monthly agenda. The Treasurer must make copies of proposed minutes available for public inspection. The minutes will be signed by the President and attested to by the Treasurer following approval of the minutes by the Board at the next meeting.

The official minutes will be bound and kept in the office of the Treasurer, who will, after they have been approved by the Board, make them available to interested citizens upon request at cost, during normal office hours.

BOARD POLICY DEVELOPMENT/PRELIMINARY DEVELOPMENT OF POLICIES

All school boards in the State of Ohio are required to formulate policies and regulations for the efficient and orderly operation of the schools under their control. Adopted policies serve as a guide for the administration and help to promote common understanding and uniformity in the basic procedures and operations of all the individual schools of the District.

Proposals regarding District policies and operations may originate at any of several sources including parents, students, community residents, employees, Board members, the Superintendent, consultants or civic groups. A careful and orderly process will be used in examining such proposals prior to action upon them by the Board.

Final action on such proposals, whatever their source, will be by the Board in accordance with its policy on policy adoption. The Board will take action on most matters on the basis of recommendations presented by the Superintendent. The Superintendent will base his or her recommendations upon the results of study and upon the judgment of the certificated staff and study committees.

It also becomes imperative to have definite statements of policy in order that the District may measure up to the increasing demands being thrust upon public education. Policy development will include as much information from as many sources as feasible. Policies must be re-evaluated and appraised periodically to ensure that they serve all District schools in the best possible manner. If the application of any policy or regulation violates or infringes upon the educational purposes of the schools, it should be considered the duty of every employee to report that fact to the proper authorities and to offer some suggestion for improvement.

The Board sincerely believes that by establishing a clear-cut course of communication among school officials, employees and the community, it can provide a stimulating school environment. This will help create a school system which is not only a pleasant place in which to work but one which encourages everyone to do the best possible work.

POLICY ADOPTION

The adoption of new policies or the changing or repealing of existing policies is solely the responsibility of the Board. Policies, including the Board's bylaws, will be adopted, amended or repealed only by the affirmative vote of a majority of the members of the entire Board. Such action shall be scheduled on the agenda of a regular or special meeting.

Proposals for a new policy or for the amendment or repeal of an existing policy will be submitted in writing to the Superintendent for submission to the Board. Readings at two separate meetings will normally be required before a new policy or a policy amendment is adopted. Action to adopt will take place at a subsequent or third meeting of the Board. The Board does have the option of voting for adoption at the second meeting.

Unless otherwise specified, a new policy or policy amendment will be effective upon the date of adoption by the Board and will supersede all previous policies in that area. Unless otherwise specified, the repeal of a policy will be effective on the date the Board takes such action.

[Adoption date: May 9, 1994]

BOARD REVIEW OF REGULATIONS

It will be the policy of the Board of Education to review the philosophy of education and policies and procedures on a continuing basis, at least once every five years, in order to keep them up-to-date.

The Board will evaluate how the policies have been executed and their general effectiveness. It will rely on the school staff, students and community to provide evidence of the effect of the policies it has adopted.

The Superintendent is given the continuing commission of calling to the Board's attention all policies that need revision.

The Board directs the Superintendent to recall all policy and regulations manuals periodically for purposes of administrative updating and Board review.

Before issuance, Districtwide regulations will be properly titled and coded as appropriate relative to subject and in conformance with the codification system selected by the Board. Those officially approved by the Board will be so marked; all others appearing in the manual will be considered approved, provided that they are in accordance with the accompanying Board policy.

Each year a Board member will be assigned to review policies.

POLICY DISSEMINATION

The Superintendent is directed to establish and maintain an orderly plan for preserving and making accessible the policies adopted by the Board and the regulations needed to put them into effect.

Accessibility is to extend to all employees of the District, to members of the Board and, insofar as possible, to all persons in the District. A policy concerning a particular group or groups in the schools will be distributed to those groups prior to the policy's effective date.

Distributed policy manuals will remain the property of the Board and will be considered as "on loan" to anyone, or any organization, in whose possession they might be at any time. Manuals are subject to recall at any time deemed necessary for purposes of updating.

The Board's policy manual will be considered a public record and will be open for inspection at the Superintendent's office.

ADMINISTRATION IN POLICY ABSENCE

In the absence of Board policy, the Superintendent may take temporary action which would be in accordance with the overall policy of the Board; however, the Superintendent will not be free to act when the action involves a duty of the Board, which by law cannot be delegated.

In each case, the Superintendent will present the matter to the Board for its consideration at its next meeting.

[Adoption date: May 9, 1994]

SUSPENSION OF POLICIES

If the Board wishes to take action contrary to existing policy, it may suspend the policy for only one meeting at a time and only in one of the following ways:

1. upon a majority vote of the full membership of the Board at a meeting in which the proposed suspension has been described in writing or
2. upon a unanimous vote of all members of the Board if no notice has been given.

[Adoption date: May 9, 1994]

POLICY REVIEW AND EVALUATION

In an effort to keep its written policies current so that they may be used consistently as a basis for Board action and administrative decision, the Board will review its policies on a continuing basis.

The Board will evaluate how the policies have been executed by the school staff and will weigh the results. It will rely on the school staff, students and the community for providing evidence of the effect of the policies which it has adopted.

The Superintendent is given the continuing responsibility of calling to the Board's attention all policies that are outdated or for other reasons appear to need revision. To accomplish this, the Superintendent may request input from the Board or advisory committee.

[Adoption date: May 9, 1994]

BOARD-STAFF COMMUNICATIONS

The Board wishes to maintain open channels of communication with the staff. The basic line of communication will be through the Superintendent.

Staff Communications to the Board

All communications to the Board or any of its subcommittees from staff members will be submitted through the Superintendent. Staff members are also reminded that Board meetings are public meetings and that they provide an excellent opportunity to observe, firsthand, the Board's deliberations.

Board Communications to Staff

All official communications, policies and directives of staff interest and concern will be communicated to staff members through the Superintendent. The Superintendent will develop appropriate methods to keep staff members fully informed of the Board's problems, concerns and actions.

Visit to Schools

Board members must recognize that their presence in the schools could be subject to a variety of interpretations by school employees; therefore, if a visit to a school or classroom is being made for other than general interest, Board members will inform the Superintendent of such visit and make arrangements for visitations through the principals of the various schools. Board members will indicate to the principal the reason(s) for the visit. Official visits by Board members will be carried on only under Board authorization.

NEW BOARD MEMBER ORIENTATION

The Board will provide an orientation program for its members-elect. The primary purpose of this program will be to acquaint the members-elect with the procedures of the Board and the scope of its responsibilities and to assist them to become informed and active Board members.

The Board, its Treasurer and the administrative staff will assist each member-elect to understand the Board's functions, policies and procedures before the member-elect takes office.

The following techniques may be employed to orient new Board members:

1. Selected materials, Board policies, regulations and other helpful information will be furnished the member-elect by the Superintendent.
2. Immediately after the general election, the member-elect will be invited by the Board to attend Board meetings.
3. The Treasurer will provide agendas and other materials pertinent to meetings and explain the use of the materials.
4. The incoming member will be invited to meet with the Superintendent and other administrative personnel.

SCHOOL BOARD CONFERENCES, CONVENTIONS AND WORKSHOPS

In keeping with the need for continuing in-service training and development for its members, the Board encourages the participation of all members at appropriate school Board conferences, workshops and conventions; however, in order to control both the investment of time and funds necessary to implement this policy, the Board establishes these principles and procedures for its guidance:

1. School Board conferences, conventions and workshops will be provided to the Board. The Board will periodically decide which meetings appear to be most promising in terms of producing direct and indirect benefits to the District. At least annually, the Board will identify those new ideas or procedures and/or cost benefits which can be derived from participation at such meetings.
2. Funds for participation at such meetings will be appropriated on an annual basis. When funds are limited, the Board will designate which of its members will participate in a given meeting.
3. Reimbursement to Board members for their travel expenses will be in accordance with the Board's travel expense policy.
4. When a conference, convention or workshop is not attended by the full Board, those who do participate will be requested to share information, recommendations and materials acquired at the meeting.

Action will be taken at the annual organizational meeting on the establishment of a Board "service fund" to pay expenses actually incurred by Board members or members-elect in their official duties. The sum set aside will not exceed \$2.00 for each student enrolled or \$20,000, whichever is greater. The fund shall contain a maximum of \$60,000. The Board recognizes the importance of sound and constructive State legislation in establishing support for public education. It is therefore directly concerned with legislative proposals affecting education.

The Board's legislative liaison member will report to the Board on State legislative proposals and will communicate the Board's positions and/or the Ohio School Boards Association's positions to State representatives and senators.

The legislative liaison member will also keep the Board informed of pertinent federal legislative proposals and, when necessary, communicate the Board's position to representatives and senators at the national level.
