February 2023

Northwestern Robotics Team Compete at Wooster High School

Kylee Purdy and Steven Lagoy are getting ready to compete in one of the qualifying matches

Josh Webel, Hunter Sciortino, and John Widdows are competing in one of their qualification matches

Jacob Haley, Blake Good and Gino Guidetti are competing in one of their qualification matches

Northwestern Robotics Teams had a successful day at the Wooster VEX Qualifier on October 29. All Northwestern teams competed well. One of the teams, made up of Tristan Miller, Kylee Purdy, Luke Walton and Steven LaGoy, not only made the final tournament, but they also competed extremely well in their finals match, falling just short of advancing in the tournament in a very exciting match against two Brecksville teams. All of our robotics teams that competed at Wooster have been working extremely hard to get ready for the season. The Northwestern Robotics season continues at the Triway VEX Qualifier on December 3. We look forward to seeing our robots continue to improve throughout the remainder of the robotics season.

Mrs. Harbaugh's 2nd grade class did a stem activity using q-tips to make symmetrical skeletons based on the book Bonaparte Falls Apart.

A note from our superintendent...

Blessings to everyone throughout our community as we move toward spring and our annual Ruritan Sausage/Pancake Breakfast!

Rigor, relevance, relationships are so very important in our business of educating our students and maintaining our excellence. Thanks to everyone in our community putting our kids first and for your continuous support!

This newsletter includes much information and insight into our schools and school operations. The district has worked hard to stretch our dollars and spend our tax dollars wisely. Shared services, collaboration, smart decisions, needs assessments, successful grant writing, and some COVID funds have all positively impacted our finances, which have created a very healthy financial condition for the district. Our requested year-long Ohio Performance Audit that was completed last winter, 2022 substantiated Northwestern's efficiency and solid, well-managed, operational decisions. Please reach out to Treasurer Jerry Buccilla or me if you would like additional information or explanation of anything herein or regarding any facet of our school operations.

WE ARE ALL IN THIS TOGETHER! I have consistently shared my philosophy that our schools and community are one in the same. We universally want to help and support each other through these challenging times and lift one another up when tragedy strikes or when someone is in need. At Northwestern we provide the best opportunities for our students while ensuring we do so as efficiently as possible. We are all about excellence and increasing expectations at Northwestern. All of this while maintaining practical and frugal financial limitations. Within our Northwestern family we will continue to adapt to legislation and focus on the needs of our students. We will continue to excel in preparing our students today for tomorrow's opportunities!

Please contact me with suggestion, questions, concerns. I always make myself available and am a great listener! I am always willing to listen to ideas, questions, and concerns from students, parents, employees, and anyone in our community! It is only by asking, sharing, and participating that we can continue our important work and make the best decisions possible. Please do not hesitate to contact me for any reason and "thank you" for your ongoing support. Here is for Northwestern Huskies continuing to "lead the pack!"

Grants Article

Grants Meet Needs & Have Helped our Bottom Line
Northwestern has been so blessed to have written and been awarded many grants (see the summery of recent grant awards). We have received well over \$1 million in grants awarded in 2023 when including the CCIP Entitlement, E-Rate, and individual grants awarded.

One some of the larger state-wide grant awards we are in exclusive company – being one of as few as 4 school districts successfully writing and receiving the awards.

We pursue grants for one of two main reasons:

- 1.To meet a student, staff, and/or district need
- 2.To reduce district costs

Sometimes grants serve to do both – meet a need and reduce district costs.

Not all grants or the total amount of all grants directly reduce costs.

In the end grants benefit our students, staff, and school district while additionally helping reduce district costs; therefore, ultimately also benefitting our taxpayers and community.

Some needs addressed with the recent grant awards:

- Advancing student literacy
- School safety & security
- School air quality
- Emergency communications
- Purchase of technology
- Vape Detectors
- Employee BWC safety
- Water bottle refill station convenience
- Solar Sprint competition
- Supporting Agricultural Science
- Advancing STEM Education
- Transportation Dept. Efficiency
- New School Buses
- Staff Professional Development
- Supporting Homeless students
- Student social and emotional supports
- Husky Buddies Mentoring
- After School Programs
- STEM Preschool
- Reading Under the Lights
- Robotics equipment and competitions
- Student organizations and competitions
- School Resource Officer
- School cleaning equipment & supplies

Curriculum News

Northwestern Local School District has been working through the Ohio Improvement Process (OIP) for the past 18 months. Our staff in each building have had the opportunity to work through the district action plan which includes academic, social emotional, and community goals.

Northwestern staff have taken on changes while supporting implementation through the Ohio Improvement Process (OIP) which lays the foundation for sustainable change. Supporting implementation consists of setting up the collaborative teams and processes that districts and schools need to identify, research, plan, implement and monitor, and examine in their improvement efforts. It also includes the communication and engagement, decision-making and resource management that thread through the process.

Collaborative teams are essential for shared leadership and effective communication. District, building and teacher-based teams share responsibility for improving student achievement as part of a system-wide improvement focus. Collaborative teams include:

- DLT (District Leadership Implementation Team);
- BLT (Building Leadership Implementation Team); and
- TBTs (Teacher-Based Teams).

These teams must engage in two-way communication to collect and share the information and data they need to implement evidence-based strategies. This feedback helps teams communicate their support needs and barriers to implementation and successes.

Northwestern teams work through the four bullet points below with intention and fidelity, knowing that effective teams and leaders should always drive informed decision making.

- Shared Leadership - Effective leaders believe teams should share decision-making, empowering all staff to contribute to purposeful choices and resource management. Continuous improvement is everyone's responsibility. Different situations call for different leadership skills.

- Communication and Engagement - Effective teams require actively engaged members who communicate consistently with all staff and stakeholders.

- Purposeful Decision-Making - Informed decision-making and resource management calls for analyzing adult and student data. Teams at all levels collect, monitor and analyze the data through this continuous process to monitor their improvement goals.

- Resource Management - Teams direct resources to support district and school goals. These resources include people, program materials, time and funds. All teams should evaluate and align resources to district and building level plans to provide professional learning, including coaching, selecting and onboarding staff.

Northwestern's District Action Plan is a continuous working document that was developed by the District Leadership Team (DLT) based on data from various sources. The collaborative teams mentioned earlier are working through the process to determine improvement that needs to be made with evidence-based strategies and action steps to meet each district goal.

The Academic Goal reflects on individual students making academic growth in all subject areas through disciplinary literacy. (Our Literacy and Math coaches are working with Teacher-Based Teams to identify, demonstrate and utilize evidence-based strategies across all content areas)

The climate and condition goal reflects community and family participation and engagement along with behavioral and social emotional supports for students in order to reduce discipline referrals.

This picture represents the Literacy Team working with Elementary Literacy Coach Angie McCullough during our delayed-start days. The content area team on this particular delayed start is organizing data from diagnostic assessments, documenting strategies that are working and collaborating with grade levels kindergarten through fifth grade. The Title Team is a vital piece to monitoring the progress that students are making.

Olivia Humphrey represented NMS at the Wayne County spelling Bee on January 24.

Jerry K. Buccilla
Treasurer / Chief Financial Officer
Northwestern Local Schools
Email: nrws_jbuccilla@tccsa.net
Office: 419-846-3151
Mobile: 614-507-4866

It's with great pleasure that I get to write my first article in this month's newsletter. The end of January marked my sixth month serving as your Treasurer. During these six months, I have been very impressed with the commitment and passion for our Husky education system shown by all parties that I have met within the district and in the community. I've also been humbled by the warm welcome, the assistance I've received, and the patience that I have been shown during these first six months. Even though I'm still in the phase of gaining an understanding of the fiscal processes and practices of the district and those within the county governance system, I am feeling more and more comfortable as each day passes. With this said, my focus and commitment as your Treasurer is to gain your trust and confidence in our fiscal operation. My staff and I are committed to this focus and to this expectation, and are very confident that we will earn your trust and support.

I understand that a big part of earning your trust and support is for my office to have open communication and dialogue with the not only the employees in the district but as importantly with all of our families and constituencies in the community. To help with this effort, we are focused on communicating in the following ways:

1. Open door policy. Please feel free to stop by our offices in the Administration building at any time you are in the area for an introduction and brief discussion. If you would like to schedule an appointment to cover a specific topic, suggestion or concern, please give me a call or email at:

Jerry Buccilla – Treasurer 419-846-3400x4303; nrws_jbuccilla@tccsa.net

2. Financial Reports and Communications. During our monthly Board of Education meetings, I present the district's monthly financial report along with financial data comparing the current year's financial activity versus the prior year's financial activity. I also provide financial data that details the current year's financial activity in relation to the district's current five-year forecast. After the Board of Education meetings, these financial reports are uploaded on the district's website under the Board of Education page then within the monthly board meeting minutes.

3. District's Five Year Forecast. The Board of Education is required by state law to approve the district's Five-Year Forecast twice a year. This approval takes place during our November and May Board of Education meetings each year. After the Board of Education approves the Five-Year Forecast the forecast and the supporting notes are uploaded on the district website. Please visit our district website via the instructions below to review the five-year financial forecast and notes. If you have any questions or comments regarding the forecast and/or notes, please contact me. I welcome your feedback.

Northwestern LSD November 2022 Five-Year Forecast

Northwestern 5-Year Forecast Notes.BOE Approved Nov 21.2022

I am truly excited about being part of the Northwestern Local School District family and very much look forward to serving all of you. Stay well and Go Huskies!

Jerry.

Northwestern Alumni Association

The Northwestern Alumni and Friends Association is excited to announce that it will host its Alumni Banquet for the first time since COVID struck in 2020. The association has reconvened its meetings and is looking for Northwestern Community-focused individuals to join its membership, which is free, as it looks to grow and assist Northwestern Local Schools and the surrounding communities. The Alumni and Friends Association constitutional purpose states that it "... provides a venue for alumni and school district residents to re-establish and maintain contacts and foster a sense of community."

Due to COVID interrupting the association's banquet schedule, this summer's banquet will look to recognize the Classes of '60, '61, '62, and '63 for their 60th graduation anniversaries and the classes of '70, '71, '72, and '73 for their 50th graduation anniversaries. We invite all former graduates and/or community members to enjoy an evening of reunion, conversation, dinner, entertainment, and sense of community on June 17, 2023, starting at 5:30 pm. Please see the reservation form below for more details and reminders, and if you or anyone you know would be interested in joining the association please contact Bill Pim: phone: 330-287-8871; email: bpim007@gmail.com or Dwight Wasson: phone: 330-465-5943; email dwi15ght@gmail.com

Northwestern Diploma for veterans & workers having served our nation during Conflicts & Wars (incl. World War II, Korean War, and Vietnam War, and others)

We are proud to notify our community of a unique Ohio law that authorizes Local Boards of Education to grant diplomas to the men and women who - due to their service in a time of war - were unable to secure a high school diploma. The law applies to military veterans as well as women who joined the workforce to support their families and/or the war effort.

Under R.C. 3313.616 (Ohio Veterans’ Diploma Program), boards of education may issue a high school diploma to veterans and women who served during the Second World War, the Korean War, and the Vietnam War – and who left school before graduating to serve in the armed forces or, in the case of women, who joined the workforce to support their family or the war effort.

The law permits those who are deceased to earn a diploma posthumously, with the diploma being presented to a living relative. This allows boards of education to honor those who never returned home and those veterans who have passed. Furthermore, the law does not contain residency restrictions. Any board of education may issue a diploma to a covered veteran or woman; school districts are not limited to their former students.

In addition to our veterans, the law recognizes the efforts of female war workers as well. The law permits women to earn a diploma if they left school “to join the workforce to support their family or the war effort.” It also allows women to earn a diploma if they left school “due to family circumstances” and then joined the workforce to support their family or the war effort.

The procedures for applying and verifying eligibility are established in O.A.C. 5902-3-01 (for veterans) and O.A.C. 5902-3-02 (for women). Applications are available through our Wayne County Veterans Service Office:

Wayne County Veterans Service Office
356 W. North St., Lower Level, Wooster, OH 44691
Phone: (330) 345-6638
Fax: (330) 345-6945

Thank you to all those who protected and served the people of our great nation!

RURITANS

**ANNUAL NORTHWESTERN RURITAN CLUB
PANCAKE/SAUSAGE DAY**

Saturday, March 11, 2023 at Northwestern High School,

We will be serving “Sit-Down Meals” in the HS Commons and “Pickup” from 7:00 a.m. - 2:00 p.m. of meals and bulk sausage in front of the High School.

“Whole Hog Sausage” (pre-frozen & fresh) will be for sale.
Gortner’s pure maple syrup will be available to take home!

The High School is located at 7473 North Elyria Rd, West Salem, OH (St. Rt. 301), one mile North of Lattasburg or six miles South of West Salem

All proceeds go towards Northwestern Community projects!
The Ruritan Mission is “To Make Our Community a Better Place to Live”!

Northwestern Schools-Ruritan Business Recognition Award

Business Award of Merit Nomination Form (our 16th year!)

Name of Business_____

Address_____

Phone _____

Owner/Contact Person _____

Contributions to school and/or community: _____

Nominated by: _____ (Deadline: March 10th)

Note: Nomination information may be typed or printed on other paper and attached to this form.

Nominator: Please send to the office of any school building or to the district office to be forward to Superintendent Jeffrey Layton. Nominations can also be e-mailed to Mr. Layton.

PLEASE CONSIDER NOMINATING A
WORTHY BUSINESS OR ORGANIZATION
FOR OUR RURITAN NORTHWESTERN
BUSINESS/ORGANIZATION PARTNERSHIP
AWARD!

This past year, 2022, Northwestern Local Schools and Northwestern Ruritans recognized 2 Business/Organization Partnership Award Winners for their contributions and support of our Northwestern students, schools, and community!

- The American Legion Ladies Auxiliary Post 523 Lodi/West Salem
- Frito-Lay, Wooster Manufacturing Facility

The prior year, in 2021, Northwestern Local Schools and Northwestern Ruritans recognized 3 Business/Organization Partnership Award Winners:

- Wayne County Commissioners
- Congress Township Trustees
- Perry Township Trustees

About Northwestern Ruritans:
Northwestern Ruritan meetings are held the 2nd Monday of each month at 7:00PM in the Northwestern High School commons. Each meeting begins with a catered meal, followed by a presentation and meeting. Visitors are welcome and new members are encouraged to participate.
Ruritans are about “servant leadership” and about “bettering our community”. New Members are welcome!
Current President Kim Wellert
Past President Chuck Beck
Prior President Dwight Wasson

The American Legion Ladies Auxiliary Post 523 Lodi/West Salem
Frito-Lay, Wooster Manufacturing Facility

The Northwestern Ruritan Club is an organization dedicated to the betterment of our community. Our mission is “to make our community a better place in which to live.”

The Ruritans raise funds in three primary ways – by manning the gates of the Wayne County Fair, manning Congress recycling, and through the annual Sausage & Pancake Breakfast held in conjunction with the Northwestern Washington, D. C. Auction the second Saturday of March. There are also several additional projects held in order to raise funds.

The Ruritans provide ongoing community service projects that include:

- Northwestern Husky Brigade – Distributing donations to active military from our community
- Northwestern Husky Brigade Annual Golf Outing
- Community Parade of Flags – new this spring, distribution and setting-up United States Flags
- Providing numerous Northwestern Scholarships each year
- Sponsoring students for various leadership projects and activities
- Community Recycling
- Roadside clean-up
- Donations for families and organizations in need
- Buckeye Boys State & Buckeye Girls State Leadership weekend contributions
- Recognizing area businesses & volunteer organizations for community and school support
- Cemetery clean-up
- Support for our Northwestern Schools
- Support for the Old School House in West Salem
- Support for the West Salem Town & Country Festival
- Numerous ongoing and special activities to support our community
- Northwestern Choir and Drama Program support

**NORTHWESTERN RURITAN CLUB
MEETING NEWS RELEASE:**

“Helping Our Community Be a Better Place to Live”

The Northwestern Ruritan Club met on Dec. 12 at 6:30 p.m. for the annual “Christmas Dinner” at Northwestern High School. NWHS FFA members made beautiful Christmas table decorations which were dispersed to many of the guests after the dinner. President Kim Wellert welcomed members and guests (spouses were invited). The group joined in singing “America” and the invocation was given by Jim Johnson.

The ham dinner served by the NWHS cooks was enjoyed by all. Michelle Bowman’s treasurer’s report was approved subject to audit. Appreciation was given to those who brought in coats & hats to donate to the Mohican Church Community Ministry. Chuck Beck reported that 20 “Husky Brigade” boxes were sent to area soldiers. He appreciated club members helping to pack the boxes. The ladies of the West Salem VFW baked many cookies and Frito Lay donated many items to send in the boxes. There was a surplus of items which were sent to soldiers stationed at Camp Perry (Ohio). Beck will be signing up with the State Highway Department for the club again doing roadside trash pickup next year on Rt. 301 between Pleasant Home and Lattasburg.

The NWHS Choir, under the baton of Music Teacher Elizabeth Crabtree, accompanied on the keyboard by College of Wooster music student Sophia Marshall, gave an excellent selection of Christmas songs (which had been memorized). They closed with the chorus of “Messiah”, which was outstanding!

The meeting was adjourned with reciting the “Pledge of Allegiance” and wishes of “Merry Christmas” and “Happy New Year”! The next Club dinner/meeting will be at 7:00 pm on Monday, Jan. 9, at NWHS. Plans for the “New Year” of 2023 will be discussed. Directors will meet at 6:15 that evening.

Submitted by Gerald Payn, Club Secretary <gmpayn@sssnet.com> 330-345-5547

NORTHWESTERN RURITAN CLUB MEETING MINUTES -

-Jan. 9, 2023, 7:00 p.m., Dinner/Meeting at Northwestern High School (NWHS).

-President Kim Wellert welcomed members.

-The group joined in singing “America” and the invocation was given by Jim Johnson.

-The meat loaf dinner served by NWHS Chefs Wendi & Tammy was enjoyed.

-The reading of the Dec.12 meeting minutes were dispensed with. They had been approved by the Directors.

-We were pleased to receive Gold Honor Certificates from Ruritan National for recognition of outstanding and meritorious community service by our club in the fields of Citizenship & Patriotism and Social Development, signed by John Biery, Ohio District Governor.

-Michelle Bowman’s treasurer’s report: total deposit in Dec. was \$200.56. Expenses were \$350.00. The bank balance Dec. 31 was \$22,081.16. The report was approved subject to audit.

-Thank you notes were received from Panda Preschool, Wooster Salvation Army, and West Salem Outreach & Food Pantry for our donations and from Emma Nicholson for her scholarship. Also from the Mohican Church for the donation of coats, gloves, and hats.

-Sherri Wellert moved and Jamie Bowman 2nd that future club dinners/meetings begin at 6:30 pm rather than 7:00. Motion passed with no opposition. Director’s meetings will normally begin at 6:00 pm prior to the regular meetings.

-The following have signed up to “man” the recycling bins: Jan 7 - Jamie Bowman, Jan. 21 - Phil Keener, Feb.4 – Dick Wiley, Feb. 18 – Paul Bartholomew

-Randy Tegtmeier presented plans for the Pancake/Sausage Day on Mar. 11. Eat In/Eat Out “All You Can Eat” service will be from 7:00 am to 2:00 pm. Members will sell ads for place mats – business card size for \$30.00 and patron donor names for \$20.00. The ads will include a free meal. Meal prices are \$8.00 for adults, 7:00 for “seniors” over 65, and \$5.00 for children 6 – 10. Members are asked to help “set up” on Friday beginning 5:00. Posters were available for members to put out.

-Jamie Bowman reported that several more flags will be purchased for the “Parade of Flags”. Publicity is already out on Facebook, etc. for people to purchase flag subscriptions. Flags will be put out for every National Holiday. He appreciates member’s help with the flags!

-Jamie Bowman dispersed 2023 Club Members Handbooks which gives officers names, important dates, committees, meeting schedule, and members names & contact information.

-Committees then met to discuss plans for the year.

-The meeting was adjourned with the “Pledge of Allegiance”.

-The next Dinner/Meeting will be at 6:30 pm., Feb. 13, 2023, at Northwestern High School. The program will be by the Food Drive & Charity Committee, Pastor Paul, Chair.

-The Director’s meeting will be at 6:00 p.m. that evening

Information from All Sports Association:

Northwestern All Sports continues to support our student athletes in numerous ways. Recently \$6,000 was approved for updates to the community building’s weight room. Additional money from the board of education, as well as contributions from individual athletic teams, will also help in this renovation and update to equipment, machines, and weights. All Sports also purchased the boys basketball team white (home) uniforms, as well as purchased the football WCAL championship T-shirts for the football team and coaches. The middle school basketball teams (girls and boys) also had new uniforms purchased for them prior to their seasons, using money from the middle school basketball games’ concession stands. The products sold in the concession stand are all purchased by All Sports.

As the year progresses, remember that meetings are held the first Monday of each month at 7:30 in the high school library. Elections for new officers will be held in the spring; therefore, new leadership will be needed, as well as many members to help make decisions and volunteer in the various ways necessary for our student athletes to reap the benefits.

Summer Camp

Summer Camp Funding Available Through Ohio’s ACE Program For Qualifying Families
The Ohio Afterschool Child Enrichment (ACE) Educational Savings Account program provides funds to a student’s parent or guardian to use on various enrichment and educational activities. The program is being offered through a partnership between Merit International, Inc. and the Ohio Department of Education.
The program provides \$500 a year for students ages 6-18 whose households are at the 300% or below the Federal Poverty Level to use for educational enrichment such as after school programs and summer camps.
For more information, visit ACEOhio.org

Receive a scholarship of up to \$500 annually per student!

2022-2023 Income Eligibility

Persons in Household	Gross Income (300%)
2	\$24,000
3	\$36,000
4	\$48,000
5	\$60,000
6	\$72,000
7	\$84,000
8	\$96,000
Per additional person add:	\$12,000

Ohio's Afterschool Child Enrichment (ACE) Educational Savings Account program provides funds to students under the age of 18 to help cover costs of various educational and enrichment activities with approved providers.

How to apply:

Create CHED Profile
Visit the Ohio Department of Education website education.ohio.gov. Select Login from the menu in the upper right hand corner. Open the CHED portal and scroll to Create Account. Follow the steps indicated.

Request access to necessary APPs
Once your CHED is set up, go to App Store tab and request access to the following:
• Department of Education Profile Setup
• Income Verification
Sign into your CHED, finish setting up your profile, and enter your income information by opening the APP titled Income Verification. Follow the steps.

Accessing MERIT profile and ACE Service Providers
After income verification is complete, qualifying students will receive an email from the Merit Company, notifying them to sign up to receive access to their account funds. The email will include a link to the Vendor Marketplace. Parents and legal guardians will be able to access the Provider Marketplace to find providers in their area after creating a user account with Merit, following the steps indicated within the email. For more information, visit ACEOhio.org.

Bus Drivers and Van Drivers Needed!

We have a small number of sub bus drivers and van drivers, but several have limited availability – so we can always use more and keep you busy!
Great hourly rate!
Contact Northwestern Transportation Dept. if you have an interest in the district-paid training, a very good salary, and opportunity for future employment as a van or bus driver!
We traditionally have hired from our substitute personnel for full time positions when they occur.
Come substitute for us and get in line for a full time position!
Substitute Teacher Aides, Food Service, and Custodians Needed!
We have need for substitutes in these areas as well. We traditionally have hired from our substitute personnel for full time positions when they occur.
Come substitute for us and get in line for a full time position!

Retirees from any career welcome to apply as well for these and other district positions – your experience is valuable!

Annual Notice of Student Wellness Meeting

Northwestern will conduct our annual Wellness Committee Discussions by Friday, April 7th.

Northwestern Schools recognize the importance of a healthy child in regard to increased capacity for learning, attendance, and overall health and well-being. Northwestern School District is committed to providing a healthy school environment which cares for the total child academically, socially, emotionally, and physically. In order to support current and lifelong health a wellness committee has been established and meets annually to evaluate various measurements and discussed ideas for continued improvement. Our wellness committee has been instrumental in securing and insuring:

- Healthy meals and snacks
- Expanding our Breakfast program
- Installing defibrillators in each building
- Installing first aid stations at locations throughout the buildings
- Creating and supplying first aid kits for each teachers’ desk
- Securing an epinephrine (EpiPen) for each building
- Beginning concussion protocol prior to OHSAA requiring it
- Coordinating influenza vaccine available for all employees so as to inhibit a flu outbreak
- Providing hand sanitation stations

Our Wellness policy #EFG explains our wellness practices. This policy is listed on our website (as are all Northwestern policies) and in this issue of our district newsletter.

Participants:
Superintendent Jeffrey N. Layton
High School Principal Tyler Keener
Middle School Principal Rachel Beun
Elementary Principal Doug Hopkins
Curriculum Director
Food Service Supervisor
School Nurse
MS/HS Health Teacher
Physical Education Teachers (ES, MS/HS)

In the 21-22 SY the district conducted a survey of grade 4-12 students and all staff regarding resiliency, emotional, and social issues and concerns. We continue working to improve socio-emotional interventions and supports for our students and our staff.

Northwestern Major Grants 2021-2023

2021	SRO Risk Assessment Grant	\$600	\$200 per building for risk assessment
2021	ARRA 64,849 grant	\$64,849	
2021	CCIP Federal Entitlement Grants	\$620,000.00	IDEA, Title I, early childhood, IIA, III, IVA

Northwestern Elementary KINDERGARTEN REGISTRATION

Kindergarten Registration for the 2023-24 school year kindergarten class will be held March 14th & March 15th at Northwestern Elementary School, 7334 N. Elyria Rd, West Salem. If you have a child who will be five years old on or before August 1st, 2023, please call the school to schedule an appointment for the screening on or after Feb. 1st.

Please call 419-846-3519, ext. 3101 to schedule your child's screening time starting Feb. 1st. Appointment times: 9:15 A.M., 11:00 A.M., 1:30 P.M. Appointment time slots will be first come, first serve. Please call Feb. 1st if needing a specific time.

Registration Day
Please bring your child, birth certificate, immunization records, social security card, any custody papers that may apply, driver's license (w current address), and another form of proof of residency (it can be a utility bill or phone bill, with your name and address on it).

Athletic Hall of Fame

Please consider submitting a nomination forms for individual or teams deserving of being honored into the 2013 class of the Mike Burkholder Memorial & Northwestern Athletic Wall of Fame.

Important information from our Dec. NWFC Committee meeting:

- We will have annual inductions until such time as the NWFC Committee determines that it time to go every other year
- We are creating a separate selection committee that will include interested individuals
- We want formal, distinguished bronze plaques for the wall 12X12
- Fall, 2022 was the initial induction class, which was limited to state championship teams and athletes who had won state. Fall 2023 will be the first class inducted through community nominations
- Induction Timeline:
 - Create and advertise nomination forms – January-February, 2023
 - Nomination Deadline – April 1st (submission to athletic director)
 - Selection Committee meets – mid-April
 - Selections Made – May 1
 - Notify those inducted by June 1st
 - Fall, 2023 Induction Ceremony 9/15/2023 preceding the Football game
- The other information we discussed has been embedded within the nomination forms
- Nominations will be submitted to the HS Athletic Director
- Applications will be considered for 5 years from initial nomination. Following the 5 years they can be re-nominated for future consideration
- Selection Committee directions, rubric, and process will be developed in February
- The rubric for selection of nominees will include: Talent, Leadership, Character, Impact on School, Records/Stats, Awards, Letters

Mike Burkholder Memorial & Northwestern Athletic Wall of Fame

The Objective of the Northwestern Athletic Wall of Fame Committee shall be to recognize those individuals and teams who have made outstanding contributions to the Northwestern Athletic programs – including those schools comprised in making Northwestern prior to consolidation - West Salem, Congress, Chester, as well as Northwestern. To this end the NAWFC has established a selection process for the candidates, final selection of candidates, and will disseminate through the media the selection of NAWFC inductees, induction program information, and the nominating process.

The inception of the Mike Burkholder Memorial & Northwestern Athletic Wall of Fame inductions came about due to the request of former long-time Northwestern High School Principal, Coach Mike Burkholder. As we discussed a way to memorialize Mike following his passing, he had asked that whatever we do in his memory, that we also honor Northwestern athletes. Mike had input into the memorial and athletic wall of fame concept. Mike leaves a lasting legacy of leadership and dedication here at Northwestern and across Wayne County. Mike had incredible passion for our students, student athletes, our staff, and Northwestern Schools.

The result was the creation of The Mike Burkholder Memorial & Northwestern Wall of Fame at the entrance of our main Husky Stadium Football and Track Sports Complex. The wall of fame was incorporated into the memorial of a great and compassionate leader, Mike Burkholder. Northwestern Local School District appreciates the contributions of our Husky employees, Husky community, and various organizations & businesses, The Wayne County Community Foundation, as well as the Burkholder family in the more than \$26,000 donated for The Mike Burkholder Memorial & Northwestern Wall of Fame in order to recognize our tradition of athletic accomplishments.

Northwestern High School

Tyler Keener
Northwestern
High school
Principal

We are excited to head into the spring as we continue to strive toward continual growth and excellence in all our endeavors. We are looking forward to finishing this year strong as we start planning graduation activities for our seniors and drafting next year’s courses for our underclassmen. Although it may seem like we are stuck in the doldrums of February, things are moving and shaking as the end of the year will soon be here.

We encourage our community and parents to partner with us as we help educate our students to be the best they can be for themselves and for their community. We are striving to build students who are community-minded, lifelong learners in pursuit of excellence. It takes all of us, collectively, to work together for the next generation. We not only want every student to receive a diploma, but the skills needed to be Employed, Enlisted, or Enrolled beyond high school. Our desire is for all our students to be impactful in our community and global society. Please feel free to reach out to us at any time if you have any questions or ideas on ways we can make Northwestern even better for our students.

Thank you for your continued support of Northwestern High School and Go Huskies!

Student services:

It’s hard to believe that we are halfway through the year already! There are so many exciting events ahead and it’s important to finish the year strong.

Scholarship information:
The Wayne County Community Foundation Scholarship Guide was mailed out over winter break. The book lists many scholarships opportunities at the local, regional, state and national level. It is vital that applicants read all instructions for the scholarship and pay close attention to deadlines. **REMEMBER:** deadlines are very strict. If a scholarship is supposed to be mailed, make sure all relevant materials are mailed before the due date.

Scheduling:
We will be starting the 23/24 scheduling process very soon. On February 9, at 6:30pm, there will be a general scheduling meeting in the high school library. There will be a CCP (College Credit Plus) meeting that follows immediately after. Students will begin receiving their course selection forms February 22-24. Each student will meet with Mrs. Coombs to discuss their current credits and to turn in their course request forms.

The academic challenge team finished an excellent season at the Tri-County Academic Challenge Tournament on January 7th. The varsity came in 1st place with an undefeated record and JV #1 came in 3rd place. Northwestern took home the trophy for most wins combined varsity and JV #1 for the 2nd year in a row.
The varsity was also undefeated in the Wayne County Academic Challenge league and took 1st place for the 2nd year in a row.

Northwestern Engineering Students participated in Manufacturing Day on October 25. Students had the opportunity to visit both Akron Brass and RBB in Wooster. Students were able to get a tour of the facilities and learn about some of the manufacturing and engineering component of both of the companies visited. It was a great day with a lot of great connections made between our students and local industry.

**Mrs. Rachel
Beun
Northwestern
Middle school
Principal**

We crossed the halfway point for the 2022-2023 school-year and we are looking forward to many exciting opportunities ahead of us. I can't begin to tell you how proud I am of our students this year, as they show their talents and skills. It is definitely a wonderful year to celebrate Husky PRIDE (Performance, Respect, Integrity, Determination, and Effort with Enthusiasm).

We have taken groups of students to celebrate their accomplishments this year multiple times, with our student of the month breakfasts and honor roll lunch. These are amazing opportunities to celebrate groups of our students who are exhibiting Husky PRIDE in our schools, helping us to create the wonderful school culture that we have at NMS. Aside from being able to honor these students, my favorite part of these experiences is taking the time to talk to the students about their favorite experiences at NMS- favorite classes, teachers, and memories. We also encourage students to share with us what they think we can do better and offer suggestions on improvements. As a principal, there is nothing better than hearing students talk about their school and our staff, giving them the opportunity to share their voices. These experiences also allow us to thank these students for what they do to make our school a better place, whether it is because they are showing the wonderful Husky PRIDE characteristics or whether they have worked hard to achieve academic success.

In the next few months, we have several new ways for students to showcase their skills. From athletic competitions to the Spelling bee, we have students ready and willing to represent NMS as our Husky athletes and scholars. As we move into February, we have our NMS Drama club putting on another great production, after hours and hours of practice and hard work. In March, our eighth grade students will participate in our Career Day, where they present information on their job shadow experiences and research. We will also have some great music programs to watch this spring, as well. Being able to watch students use their talents and skills to perform is quite exciting. We encourage our parents and community members to get involved in these activities when your schedules allow...you won't be disappointed. Our students are pretty amazing!

As March approaches, we will begin thinking about next year, while beginning to close out this year. Our students will begin scheduling classes for the 2023-2024 school year, choosing from the wonderful courses we have to offer at Northwestern. Spring testing will also begin in March, where students will be able to showcase their academic knowledge and skills. We are hopeful that our students' hard work and effort will show through in the scores attained.

As we cross the halfway point of the year, I just want to extend my gratitude to our staff, students, parents, and community. Thank you for sending us such amazing students and for supporting our staff and school so that we can provide them with so many wonderful opportunities! We are thankful for a community that embraces Husky PRIDE and who celebrates alongside our students and staff. Thank you all you do to support our schools!

NW Middle School

NMS November & December Students' of the Month

7th & 8th grade girls basketball pictures

Northwestern Middle School will be hosting their eighth grade Career Day on March 2, 2023 from 7:45am-12:30pm. To make this day a success for our students, we need the community's support and help. This event requires several volunteers, from individuals who will listen to student presentations to another large group of volunteers who will engage with students in a job interview. This is a fantastic opportunity to help grow students and to show them the potential that they have in the future. If you are interested and available to participate, we would love to have you. Please contact Rachel Beun at nrws_beun@tccsa.net or by calling 419-846-3974

December spirit day pictures for the middle school.

NORTHWESTERN LOCAL SCIENCE AND ENGINEERING FAIR

Kendrick Meuer and Craig Reed present science their Engineering Capstone Project to Judge Pooler

Steven Lagoy presents his Computer Capstone Project to Judge Jimmy

Madison Gray presents her Biomedical Capstone Biomedical Project to Judge Bobby Neer

Jason Diehl prepares to present his Project at local science fair

Audrey Franks presents her Biomedical Capstone Project to Judge Charlie Hamilton

Gabe Chupp and Jacob Wakefield present their Engineering Capstone Project to Judge Sarah Hinton

Isabella Vacco presents her Clean Energy Capstone Project to Judge Dan Kaufman

Robotics- Vex Competitions

There are currently 18 students in Robotics II, III and IV (competition class). These students have competed at three VEX qualifiers during this robotics season with the last competition scheduled for February 18, 2023 at Wooster High School. All competition teams have performed well and shown great improvement throughout the season. There are also 14 students in the Robotics I (introductory class). These students have been working through the foundations of robotics design and coding. Provided that these students' robots are ready to compete, the current plan is for the Robotics I students to also participate at the VEX qualifier on February 18, 2023 at Wooster High School. This will be their first tournament of the season and hopefully will be a jump start for them as they continue in their robotics ventures in Robotics II, III, and IV in subsequent years.

This is also the first year that our Robotics I course has been separated from Robotics II, III, and IV. The separation of these courses was due to the overwhelming interest in Robotics with 32 total high school students registered for the course. This separation of Robotics I and Robotics II, III and IV has given an opportunity for some strong foundational robotics skills to be developed in the Robotics I class prior to diving into the VEX competition. This will hopefully continue to help build our robotics program in the years to come.

Jacob Haley, Blake Good, Gino Guidetti and Morgan Murphy

Luke Walton, Kylee Purdy and Tristan Miller

Mark Ingraham and Logan Kolp

Johnathon Widdows and Hunter Sciortino

Gavin Hines and Josiah Gilman

Northwestern conducted their local science and engineering fair on January 26, 2023. The local science and engineering fair included many local judges from area businesses (Schaeffler, American Auger, Ethos Center, Scot Industries, Sherwin Williams). The judges evaluated the science fair projects and provided great feedback for all of the participants. The following Northwestern students participated in the engineering and science fair: Craig Reed, Kenrick Meuer, Jacob Wakefield, Gabe Chupp, Steven Lagoy, Paige Walter, Isabella Vacco, Madison Gray, Audrey Franks, Brailee Beun, and Jason Diehl. Many of these students will be continuing onto District Science Fair that will be held on March 25, 2023 at Ashland University.

Mr. Douglas
Hopkins
Northwestern
Elementary
Principal

We, Mr. Hopkins and Mr. Rowe, hope everyone had a Merry Christmas and a Happy New Year! It has been a busy year so far, and our students and staff have been working hard. We are proud of how hard the staff has been working and helping our building to run smoothly. Our staff takes pride in building a community with our students, and you can feel it when you walk our hallways. There has been a lot happening in our building these past few months that I would like to share with you. We wanted to first say thank you so much for helping us make our turkey race a success. Both students and staff loved to see who was winning, and it was a close race all the way until the end with Coach Alberts "winning" the race. The students really enjoyed seeing him in a turkey outfit, and Mr. Besancon, being a good sport, wearing one as well. With all the support and fun we had with this, we are hoping to possibly bring it back next year! In November we also had a concert put on by our 4th grade students and Mr. Andrews. It was amazing to see the patriotism in our building, and seeing our students have American pride.

During the month of December we had a lot going on including our Kindergarten Christmas concert. Our young students did a great job both speaking and singing to our parents/caregivers. We also had our Santa Shop going on, and we hope all of our parents/caregivers enjoyed their gifts from their little "Santas"! We would really love to have a family night next year with our Santa Shop, but we need your help! Our amazing PTO, Parent Teacher Organization, needs volunteers to help with different events throughout the year. To get more information please attend our monthly meetings, or give us a call and we will be happy to answer any questions. Our building has hosted three Grandparent Days so far, and they have been amazing! It has been wonderful to see and meet the grandparents of our students. The students have enjoyed having the time to eat breakfast and have a craft with their loved ones, and we are excited for our final three coming up this year.

We have a handful of things coming up in the next few months. As stated above we have three more Grandparent Days coming up including our second grade, fifth grade, and our kindergarteners. The students also have their Valentine Days party on Thursday, February 16. The following day Friday, February 17 the students have no school. On February 22 we will have our family night for the science fair, and are excited to see all of our projects that our students have been working hard on. The last week of February we also have our book fair week. The family night for our book fair week will be Thursday, March 2 from 5-7 pm. We hope to see all Northwestern families come out and find a good book!

Mr. Rowe
Northwestern
Elementary
Principal

Staff Spotlight: Erin Woodring

A quote I've always liked, "Advantages of helping people include you being a good example for your children, family, and friends, and you having a direct

impact on the trajectory of the lives of a lot of people." This quote embodies the kind of person Erin Woodring is. She is a great example for our staff, students, and her family. Erin Woodring is one of our Title teachers, and she does an amazing job teaching our little ones how to become successful readers. This job alone has many parts to it including looking at data, making student groups, professional development, and so much more to help her and her students be successful. That is a lot to have on one's plate, but Mrs. Woodring continues to do more for our school. Mrs. Woodring has been a huge help alongside Mrs. Tiano in setting up our Grandparents Day, and having a beautiful background for our pictures. She and Mr. Martin and his students are the one who gets our "Tucked in Tuesdays" ready for our parents each week. Mrs. Woodring is a huge part of the PBIS committee and is one of our head people who run our "Reading Under the Lights" program. One more role that she has is she helps co lead our summer school to work with our students who need that support. Not only does she "wear" all of these hats, but she does a phenomenal job at each one. Mrs. Woodring is always working hard, and making sure that everything is done precisely. We are beyond thankful to have Erin Woodring in our building, and we cannot say thank you enough for all that you do. Erin Woodring you are a true role model for many people, and you make our Northwestern community proud to have you as a Husky!

Here are some important dates coming up in our building for the month of March/ April:

Thursday, March 9-Music Concert- 3rd Grade

Friday, March 10-Mario Spirit Day

March 14 – 15, 2023-Kindergarten Screening

Thursday, March 16-Music Concert - 1st grade

Friday, March 17-St. Patrick's Day (Green Day)

Thursday, March 23-Music Concert - 2nd grade

March 29 – 30, 2023-ELA OST Testing

April 10 – 14, 2023-Spring Break (No School)

April 19 – 20, 2023-Science OST Testing

April 26 – 27, 2023-Math OST Testing

Although it has been a busy year, our students and staff continue to work hard and make the most out of the 2022-2023 school year. The students have already made huge gains academically and socially. We cannot wait to see how they finish the year off! Thank you again to my amazing staff, and the wonderful parents/caregivers that help our students everyday! Go Huskies!

Tri County Preschool

Northwestern Alumni Association

The Northwestern Alumni and Friends Association is excited to announce that it will host its Alumni Banquet for the first time since COVID struck in 2020. The association has reconvened its meetings and is looking for Northwestern Community-focused individuals to join its membership, which is free, as it looks to grow and assist Northwestern Local Schools and the surrounding communities. The Alumni and Friends Association constitutional purpose states that it "...provides a venue for alumni and school district residents to re-establish and maintain contacts and foster a sense of community."

Due to COVID interrupting the association's banquet schedule, this summer's banquet will look to recognize the Classes of '60, '61, '62, and '63 for their 60th graduation anniversaries and the classes of '70, '71, '72, and '73 for their 50th graduation anniversaries. We invite all former graduates and/or community members to enjoy an evening of reunion, conversation, dinner, entertainment, and sense of community on June 17, 2023, starting at 5:30 pm. Please see the reservation form below for more details and reminders, and if you or anyone you know would be interested in joining the association please contact Bill Pim: phone: 330-287-8871; email: bpim007@gmail.com or Dwight Wasson: phone: 330-465-5943; email dwi15ght@gmail.com

Northwestern Alumni & Friends Association

Twentieth Northwestern Reunion & Community Banquet
Saturday June 17, 2023, at Northwestern High School
Social time – 5 p.m. Catered Dinner- 6 p.m. Program – 7:30 p.m.
Dinner reservations are required and are non-refundable Adults - \$20
Children: Age 5 & under – Free Age 6-11 - \$11 Children 12 & over - \$20

Counseling Corner with Mrs. Donohoe

Elementary School

Our Husky Buddy mentoring program is where high school students mentor elementary students once a week. Our mentors and mentees have been building a positive relationship these past few months while engaging in various activities. Through these mentorships, students have gained positive support on building friendship skills, recognizing emotions, appropriate social skills, and spreading kindness. This program has been encouraging confidence in our youth and allowing students to gain support through a positive role model. This program will continue until the end of the school year.

How to Build Self – Esteem in your Student

Self-esteem is how we feel about our self. In elementary school you may start to notice your student's self-esteem level. This may increase and decrease at various times and be effected by life changes such as: moving, parents' divorce, peer trouble, grades and more. Supporting your student's self-esteem at home can promote confidence in academics at school.

Students with high self-esteem:

- Show confidence in things they do.
- Have a positive self-image.
- Are more likely to try something new.
- Are more likely to engage with peers or groups.

Students with low self-esteem:

- May have poor image of self.
- Have trouble finding and keeping friends.
- Do not respond well to failure.
- May feel lonely at times.

How can we support students with low self-esteem?

- Help them engage in activities they are interested in. Examples: art club, soccer, band, etc.
- Set time aside to listen about your student's day. Acknowledge the hardships and praise the accomplishments. *Great idea while eating dinner together*
- Encourage them to try something new. Example: enroll them in dance class
- Show them unconditional love.

Middle School

Future Fridays

Middle School students have had the opportunity to attend Future Fridays and hear various community members speak about potential careers. Each Friday students have the choice to hear our guest speakers during extra help. Students have learned about careers in firefighting, mental health counseling, coaching, insurance, certified angus beef, computer science, digital marketing and becoming a realtor.

Pictured above: Jessica Wagner from Just B Media spoke with our students in January about her career in digital marketing. Ms. Wagner shared about social media, influencers and how they market a product.

Social Media and our Students

As we all know social media and electronics are a huge part of our students' lives. A survey from "American Academy of Child and Adolescent Psychiatry" showed 95% of teens aged 13-17 have used social media and 75% report having at least one active social media profile. As a parent or caregiver it is important to know the positives and risks of your student using social media so you can help them navigate it appropriately.

Positives of Social Media:

- Students can connect with peers.
- Express themselves by sharing artwork, music, or things that interest them.
- Being able to connect with friends/family that may not live near them.

Risks of Social Media:

- Exposure to inappropriate content.
- Oversharing of personal information.
- Exposure to people they may not know.
- Impact sleep, schoolwork, family activities or more.

How can support your student to navigate social media appropriately:

- By friending or following your student's social media account.
- Limiting screen time: Example: No phone at the dinner table
- Reminding your student not to share personal information online: address, phone number, passwords, etc.
- Teaching them: Think before you speak. Being mindful about what you say on social media.
- If you see something speak up: Encourage students to tell a trusted adult if they see someone post something that may impact a student's safety.

News release: NORTHWESTERN SCHOOL DISTRICT SPRING "HOMECOMING"

54th ANNUAL PANCAKE/SAUSAGE DAY BY THE NORTHWESTERN RURITAN CLUB

Saturday, March 11, 2023 at Northwestern High School from 7:00 am to 2:00 pm

Serving both "DINE IN" and "DRIVE BY" !!

All proceeds go towards Northwestern Community projects!

The Ruritan Mission is "To Make Our Community a Better Place To Live"!

Hope you can join us!!

Photo below is from the 2022 Pancake/Sausage Day in the school cafeteria.

EMERGENCY DELAY OR CANCELLATION DAYS

With the severely cold weather and winter remaining we would like to remind parents about our delay and cancellation procedures. When our school buses travel over 1,436 miles each day in our 94 square mile school district, picking up students it is imperative that the roads are safe to travel. The safety of students and drivers is the primary issue when considering whether to cancel school.

If conditions are questionable regarding student and bus safety, both the Northwestern Transportation Mechanic Faron Flinn and Northwestern Superintendent Jeff Layton drive the roads prior to 5:00 a.m. in order to make the final decision before 5:30 a.m. At 5:30 many of our dedicated bus drivers have already begun their routes on poor weather days. The Superintendent also listens to weather forecasts and confers with other area school district superintendents - all of who also do assessments of their road conditions. A decision is made to delay or cancel school if it is unsafe for students and/or unsafe for bus travel. Since Northwestern stretches so far north-south we may not always make the same decision as other school districts. This is because we are concerned with Northwestern students first and foremost. However, we also have an obligation to also fulfill our mission of providing an excellent education for our students.

Know that our buses do have heaters and they also drop-down chains. We installed the chains for a reason – so we can fulfill transporting our children to and from school safely. Trust our dedicated and experienced bus drivers to do this with the safest equipment.

When the Wayne County Sheriff issues a Level 2 weather warning, telling motorists to drive only if it is an emergency, school is automatically cancelled. However, sometimes these announcements do not come before announcement of school closing has to occur. In addition, often the road conditions change quickly and dramatically – sometimes for the better, sometimes for the worse - between the time of the final decision at 5:30 a.m. and the time MS and HS may begin with a 2-hour delay. As most people are aware the superintendent has made the extra effort to make the decision between 5:00-5:30 and closer to 5:00am if at all possible depending on the conditions and situation.

Information on school closing is available and most accurate by registering for communications. Parents, students, and community members can register for text alerts and/or e-mail alerts through our website.

The school text and e-mail alerts systems are the most efficient and immediate as far as information, please register if you have not. Additionally, district phone recordings, website, twitter, Instagram, facebook, as well as radio station WQKT are the quickest to post the information. Also, calling the district or individual school building phone numbers and listening to the recorded message on our automated phone system is an option. Announcements are also made through local radio stations WQKT and WNCO as well as TV stations WEWS (Channel 5), WKYC (Channel 3), and FOX WJW (Channel 8). Television stations have between a 15-minute and 30-minute lag time before the information is posted an occasionally do post inaccurate messages or their systems become overwhelmed. Also, following a delay a decision to close is announced by 8:00 a.m. at the very latest. Otherwise, assume that we will remain open.

Northwestern Robotics Students participated in the Mount Vernon Vex Qualifier on January 21, 2023. All three Northwestern Robotics Teams 2971A, 2971B and 2971C all competed exceptionally well. Team 2971A competed well during qualification rounds and finished with a 4-2 record and were seeded 9th. They were eliminated from the first round of the tournament even though they won the match due to an unfortunate disqualification of their alliance partner. Team 2971A did however win the Judges Award for the tournament. Team 2971B also competed exceptionally well. They finished with a 5-1 record in the qualification rounds and were seeded 2nd in the tournament. They too had a difficult first match in the tournament and were eliminated. Team 2971C also competed well during qualification rounds and finished with a 2-4 record. All three teams will be preparing for our next tournament at Wooster High School on February 18, 2023. We look forward to another successful tournament for our robotics teams.

Luke Walton, Steven Lagoy, Tristan Miller and Kylee Purdy competed at Mount Vernon VEX Qualifier and won the Judges Award at the competition

Morgan Murphy stands poised with a 2nd place finish in the qualifications round and sub-sequence 2nd selection for the tournament finals (Teammates include Gino Guidetti, Blake Good and Jacob Haley)

Job Openings

For the 2023-2024 school year:
To apply submit an application, letter of interest and resume to the person listed by Wednesday, February 8, 2023 at 3:00 p.m., or until filled
Elementary School
