Quarter 1:

- Solve linear Equations

- Order of Operations

- Translating from verbal to algebraic models

Quarter 2:

- Transformations/Functions

- Graphing & Finding Linear Equations

- Linear Inequalities

- Arithmetic Sequences

Quarter 3:

- Systems of Equations/Inequalities

- Laws of Exponents & Scientific Notation

- +/- Polynomials

- Multiplying Polynomials

Quarter 4:

- Factoring Polynomials (Complete the Square)

- Quadratic Formula

- Geometric Sequences

- Growth & Decay
