

Letter of Intent to Participate in College Credit Plus
(Must be returned to Student Services no later than April 1)

Student Name: _____

Student Grade for 2021-22 School Year: _____

Parent/Guardian Name: _____

I would like to declare my intent to participate in the College Credit Plus (CCP) program. I understand that signing this form does not require that I participate during the coming school year, and I may decide not to participate without consequence.

I understand it is my responsibility to apply (typically online) by the deadline(s) to the College Credit Plus Institution(s). This may include multiple colleges for the same school year if I am taking CCP courses at the high school where NHS partners with multiple colleges for different classes.

I understand the rules of the College Credit Plus program, as well as both the risks and benefits of participating. If I fail a course, I will be financially responsible for that course and will be billed by Northwestern High School. For students taking classes at a local campus, the amount billed could be as much as \$170 per credit hour (For example, the average 3-credit hour college class could be around \$510). I understand CCP courses establish a college GPA and will also be put on my high school transcript and count toward my high school GPA/Class Rank.

I will work with the Student Services office to make sure I am taking correct courses to meet high school graduation requirements.
