

11/12/2020

Northwestern Parents & Community,

I want to share that Northwestern Middle School and Northwestern High School will be educating students exclusively online through Thanksgiving - with Middle School beginning effective this Monday, Nov. 16<sup>th</sup>.

This will bring us to Dec. 1<sup>st</sup> as far as potentially returning for in-person learning for Middle School and High School students.

Please note that Northwestern Elementary School will remain in-person learning as long as we can safely and feasibly continue to do so.

In the mean-time we will continue watching the outbreak locally relative to students and employees and analyzing all logistical aspects of our operations.

A huge "Thank You" to our incredible staff and administrators and to our students. Our kids in particular are pretty great and have handled the COVID requirements and safeguards remarkably well. Thank you to our Northwestern parents and families for your ongoing support, as always.

We will continue our efforts of updated everyone through text alerts and through our website as we continue moving forward.

Safety and Joy to you and yours as we enter into the holiday season.
