

Highlights of Northwestern Student/Teacher/Parent Survey

March 8, 2021

Student Data 3/8/2021 597 responses

66.7% Would like to remain as is (4 days in person/1 remote/remote student continue)
(I would assume that our 9.7% online students would also prefer keeping the current structure, as it would not impact their world, which would make it **76.4% in favor of remaining at 4 days per week**)

All Buildings: 76.4%

ES: 61%

MS: 77%

HS: 87%

23.6% Would like to return five days a week

All Buildings: 23.6%

ES: 39%

MS: 23%

HS: 13%

79.6% Students shared that the year overall is better than expected.

70.2% Student shared that overall remote learning is about or better than expected for remote learning

71% Of students reported their teachers are overall available for support and questions

Teacher Data 3/8/2021 78 responses

88.4% Reported overall the year was about or better than what was expected

89.7% Reported the current structure (four days in person/one remote, some remote students) was about or better than expected.

89.7% Reported that the four day/one remote/some online was the optimal structure during the pandemic

79% Would like to remain as is (four days in person/one remote/ all remote students continue)

All Buildings: 79%

ES: 89%

MS: 82%

HS: 50%

20.5% Would like five days a week, but not with remote students

All Buildings: 20.5%

ES: 11%

MS: 18%

HS: 50%

Parent Data 3/8/2021 646 responses (parents could submit based on number of students)

49.1% Would like to remain as is (four days in person/one remote/all remote students continue)
(I would assume that our 8.3% online parents would also prefer keeping the current structure, as it would not impact their world, which would make it **57.4% in favor of remaining at 4 days per week**)

All Buildings: 57.4%

ES: 54%

MS: 62%

HS: 70%

42.6% Would like five days a week

All Buildings: 42.6%

ES: 46%

MS: 38%

HS: 30%

79.7% Report for four days in person/one remote day report about or better than expected
